PROFESSIONAL SUMMARY

Nlp professional delivering reliable systems with Python, Natural Language Processing, ML, Scikit-learn, PyTorch and Deep Learning, Feature Engineering, SQL, Git.

PROFESSIONAL EXPERIENCE

Nlp Engineer — Example Labs

- Delivered production features using Python, Natural Language Processing, ML, Scikit-learn, PyTorch.
- Automated testing, documentation, and releases with Deep Learning, Feature Engineering, SQL, Git.

CORE SKILLS

Core: Python, Natural Language Processing, ML, Scikit-learn, PyTorch

Tools: Deep Learning, Feature Engineering, SQL, Git

KEY PROJECTS

Nlp Delivery Platform

Implemented an end-to-end project using Python, Natural Language Processing, ML, Scikit-learn, PyTorch, Deep Learning, Feature Engineering, SQL, Git.

Education: B.Sc. Computer Science — Synthetic University
