PROFILE

Data Scientist professional delivering reliable systems with Python, Pandas, NumPy, SQL, Machine Learning and Scikit-learn, Statistics, Feature Engineering.

WORK EXPERIENCE

Data Scientist Engineer — Example Labs

- Delivered production features using Python, Pandas, NumPy, SQL, Machine Learning.
- Automated testing, documentation, and releases with Scikit-learn, Statistics, Feature Engineering, XGBoost, Data Visualization.

SKILLS

Core: Python, Pandas, NumPy, SQL, Machine Learning

Tools: Scikit-learn, Statistics, Feature Engineering, XGBoost, Data Visualization

PERSONAL PROJECTS

Data Scientist Delivery Platform

Implemented an end-to-end project using Python, Pandas, NumPy, SQL, Machine Learning, Scikit-learn, Statistics, Feature Engineering, XGBoost, Data Visualization.

Education: B.Sc. Computer Science — Synthetic University
